

Patients' Perspective Summary

Disclaimer: The HCAHPS (Hospital Consumer Assessment of Healthcare Providers and Systems) survey is the first national, standardized, publicly reported survey of patients' perspectives of hospital care. The HCAHPS survey is administered to a random sample of adult patients across medical conditions between 48 hours and six weeks after discharge; the survey is not restricted to Medicare beneficiaries. Please note the information found in the Patients' Perspective is compiled by the Centers for Medicare & Medicaid Services (CMS) Hospital Quality Initiative. The Hospital Quality Initiative uses a variety of tools to help stimulate and support improvements in the quality of care delivered by hospitals. Summary is publically available. CIVHC compiled this information for your ease to review.

*** indicates that data are not available for this hospital as not all hospitals participate in this survey.
